

Garden Guru Martin Wynne

Our local garden guru, Martin Wynne will be working with our students on Tuesday for the next three weeks, beginning on Tuesday the 3rd of September.

Some of you met Martin when he worked with the students during 2018.

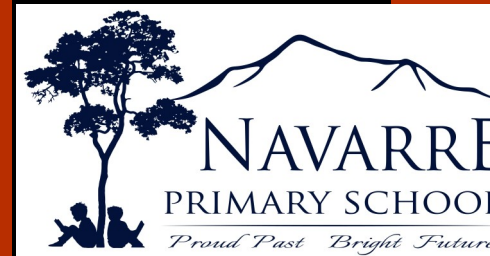

Martin is an expert in soil conservation and plant cultivation!

Our first job will be pruning the fruit trees, so if you would like to learn how to prune a fruit tree please come along.

All activities will be environmentally friendly.

Everyone is invited to share in the fun of connecting with the soil and learning how to care for our environment.

A huge blast as Science week is celebrated!

Last Monday we celebrated Science week with a huge blast!!

The rockets that the children had designed during STEM lessons with Mr Kennedy, were launched into the sky, much to the delight of an awe inspired crowd of onlookers.

The children squealed with excitement and the adults jumped, as after two false starts the first rocket was finally launched! We just couldn't believe the speed at which the rockets flew and the heights they reached!

We managed to launch seven rockets each of which headed in a different direction. The students enjoyed trying to find their rockets after they plummeted back to Earth.

It was double delight for young Jack Blackham who celebrated his sixth birthday on the same day! A birthday I am sure he wont forget.

It was fabulous to be able to share this day with our day care children and some of our pre-schoolers who were dressed to impress in a range of space inspired outfits!

We had a wonderful day of fun and learning.

After this experience the students have been doing lots of writing and reflecting. Be sure to check out the display in the school foyer of our best work!

As with all learning, we plan prior learning and learning after the event, by doing this we capitalise on the learning opportunity.

Thank you to everyone for supporting the day by dressing your children up and getting into the spirit of the occasion.

A special finale rocket launch will be held at 3.15pm on Monday the 2nd of September at the school oval, everyone is welcome to attend this launch, especially those who were unable to attend the first launch. We look forward to seeing you there!

Following the rocket launch we celebrated Sarah's 7th birthday on the 20th of August and Samantha's 6th birthday on the 28th of August. August is a time of great celebration at Navarre Primary School. - Happy birthday to all our August babies!!

Happy Father's Day

To all our wonderful fathers and grandfathers, we thank you for all that you do to make your families and communities a better place and wish you a happy day shared with your children and wider families.

Special meeting of School Council

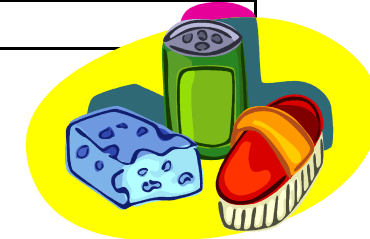

All School Councillors are reminded that a brief meeting will be held following the rocket launch to discuss grant possibilities. Please bring along your ideas to share.

School Review

We are all busy preparing for the School Review to be held during Term 4, the staff have been busy evaluating our progress on the Framework for Improving Student Outcomes (FISO) continuum, during staff meetings and the school council have been busy proof reading and ratifying policies. We will keep you posted on future developments.

A big thank you to the Sweeney and Abbott families for cleaning during the last two weeks, we really appreciate your work and the pride you have taken in ensuring our school is clean and hygienic.

Community Dinner

The community dinner for Term 3 will be held on Wednesday the 18th of September at the school between 6.00pm & 8.00pm.

The theme will be:

People who have inspired me!

Please come along prepared to share something about the person who has inspired you, you may dress up or carry a sign or just speak briefly about their impact on you, and your life.

It can be a person from history, it can be a well known person or a friend or family member. Please bring a plate of food to share for dinner.
